

An Invitation to Attend the 2021 NACE & ECSGA Virtual Trade Show January 12-13, 2021

Due to the COVID-19 pandemic, the NACE has been postponed a year but there is no reason why you can't meet your favorite aquaculture vendors virtually. To that end, the Northeast Aquaculture Conference & Exposition (NACE) and the East Coast Shellfish Growers Association (ECSGA) have teamed up to host a two day virtual (using ZOOM) trade show from 3:00-5:00 PM EST each afternoon of January 12-13, 2021. NACE exhibitors are scheduled with 15 minute time slots to describe their products and answer questions in real time with zoom attendees. If you miss a presentation, rest assured that they will be recorded and posted on the [NACE](#) and [ECSGA](#) web sites. If you have questions, contact Chris Davis at 207-832-1075 or email cdavis@midcoast.com.

To attend on **Wednesday, January 12** follow this zoom [link](#). (Time is East Coast)
