

Florida SUNRAY VENUS CLAMS

Facts about FLORIDA SUNRAY VENUS CLAMS

The Sunray Venus Clam, *Macrocallista nimbosa*, has a large glossy smooth shell with a radiating pattern like the rays of the sun. The clam is oblong in shape and has a larger volume of meat than other clams.

How much to buy: 8 to 12 whole Sunray Venus clams per serving, depending on size.

Florida's seafood industry is dedicated to supplying wholesome, nourishing and affordable seafood products. Always ask for Florida seafood and look for the "Fresh From Florida" logo.
